# Q

What is the **ONLY** proven effective treatment for chronic whiplash injuries?

**Dr. Klindt**

**ANSWER:** Chiropractic!!! The only proven effective treatment for a chronic whiplash injury is chiropractic. 57% of people who suffer from chronic pain following a car accident will make a full recovery with chiropractic treatment according to the study of Symptomatic Classification of Whiplash Injuries in the Journal of Orthopedic Medicine 1999, written by Khan, Cook, Gargan and Bannister performed at the University Department of Orthopedic Surgery, Bristol, UK.
